Spring 2026

Dear Friend,

Thanks to the generous support of our donors, volunteers, staff, and community, 2025 was a successful year at Mount Olivet Cemetery. Most notably, with funding from the J. William Warehime Foundation, we repaired and repaved all cemetery roads, including widening the road near our Honor Veterans section to improve safety and accessibility. We invite you to visit and enjoy these improvements.

Looking ahead to 2026, two major projects are underway. Our office building will undergo interior renovations that preserve its historic character while adding new flooring, furniture, and paint. In addition, many gravestones in our historic sections will be repaired by Roth's Cemetery Services — an unprecedented effort that will be completed in just a few months.

These projects are made possible by a generous gift from WDS Jr. in honor of the Harry V. Warehime Family, for which we are deeply grateful.

Thank you for your continued support as we look forward to another year of progress.

Sincerely,
The Board of Managers
Mount Olivet Cemetery

SPRING CLEANUP

Spring Clean Up will begin March 1, 2026. **At that time, all items will be removed from the lots.** If you wish to keep anything from your loved ones' graves, please remove them **before** this time. Items may be placed back on the graves after March 15, 2026. If you are unable to visit the cemetery but need to have items removed, please call us at (717) 637-5294.

ESTATES AVAILABLE

Create a lasting legacy for your family with our estates options. These spacious lots offer room for multiple interments and the opportunity to design a private space using trees, monuments, and benches that reflects your unique heritage and traditions. Learn more by calling (717) 637-5294.

TREEMATION

An eco-friendly, at-need burial option at Mount Olivet Cemetery

Treemation is a growing trend during which your loved one's cremated remains are placed in a biodegradable burial urn and interred in the ground. A tree is then planted over the remains. Overtime, the urn breaks down and gives nutrients to the tree.

We realize many individuals are looking for more sustainable, cost-efficient burial option. This choice is ideal for those with loved ones who may be waiting to be interred, and maybe being kept on a mantel or in storage. Perhaps bad weather, a change in locations or timing made it impossible to inter your loved one. Honor them now with our Treemation program.

Your purchase includes a burial space, interment, an eco-friendly, biodegradable urn, wooden marker, a locally sourced tree ideal for our agricultural zone and ongoing maintenance by our staff.

Available each year April 1st through October 1st.
